Las Vegas Office Event Details

Self-Assessment and Personal Branding – When you’re conducting a job search, you’re out there selling yourself, right? This workshop will help you define exactly what the product is! We’ll also discuss ways to communicate your unique “value add” and distinguish yourself from the competition through your sense of authority, online identity, and personal style. We’ll look at some of the more common social media tools, explore how to manage your identity, and discuss ways to make a favorable impression in the virtual world before you even officially communicate with employers.

Job Search Work Team (JSWT) – Network with other LHH clients and share leads, victories, concerns, and best practices. Join us to practice, ask questions, answer questions, hear updates on what other job seekers are doing in their searches, and most important, start the week off among friends. The more, the merrier, so join us! Regular attendance is encouraged to get the most out of these meetings!

Developing Personal Resilience – Resilience is the capacity for an individual to remain both flexible and strong in the midst of ambiguity and change. It’s a key personal characteristic that helps people manage themselves well through stressful times or respond productively to unexpected changes in their lives. In this workshop, you’ll assess your own resilience to help identify the ways you already practice constructive behaviors and pinpoint some additional actions you can take to enhance your resilience.

Interviewing and Negotiating Skills – In this session, we’ll cover all aspects of the interviewing and negotiating processes—questions to be prepared to answer, questions to ask, what to wear, what to negotiate, and preparing your negotiating script. Role playing exercises will give you the opportunity to practice your interviewing and negotiating skills.

LinkedIn Intensive – You know you need a presence on LinkedIn but have no idea how to start. Or maybe you have a profile there but are not sure that you are using it to its full potential. This session will focus on maximizing LinkedIn and making it really work for you.

The Power of Networking – We all know that building a successful network is an essential skill, and not just for the job search. The truth is, many people hesitate to use this powerful technique, mainly because they just are not sure how to go about it. In this interactive session, you’ll learn how to identify networking contacts, the best ways to communicate your message to them, and how to conduct an effective networking meeting. Come network with others and learn how to build and maintain a strong and valuable network!

LHH National Virtual Career Fair: October JobFest – This is a unique opportunity to interact live with industry-leading organizations and apply for job openings right then and there--in real time and without geographic restrictions.
