Career Resource Network (CRN) Event Details

Also available to you through the CRN are the following recommended Live Events. Register and attend these workshops at a time that works for you at <https://crn.lhh.com/>

Network for Opportunity - Global

Learn the SMART approach to networking which provides insights into your existing network of friends, family, and colleagues as well as how to expand your circle of contacts.

Create Accomplishment Stories - Global

Discuss how to utilize SOAR to develop stories for interviews as well as create powerful accomplishment statements for your resume, showcasing your talents to differentiate you from other candidates.

Interview with Impact - Global

In this session, we will cover preparing for interviews (in person or virtual) and developing strategies to answer questions. We compare the interview to a work meeting to leverage your already existing meeting skills including a brief introduction: tell me about yourself, taking notes/speaking from notes, the SOAR stories and asking what the timeline for a decision is to follow up and show follow through. Interviewing takes practice, and we can help you get started.
